### About Our Red Chilli Products

Prism Exports is a leading supplier of premium red chilli varieties sourced from the finest growing regions across India. Our red chillies are carefully selected, dried, and processed to meet international quality standards. We specialize in providing premium red chillies for spice manufacturers, food processors, masala companies, and culinary professionals worldwide.

All our red chilli products are Spice Board Certified, FSSAI approved, and processed using advanced drying technology to preserve natural color, aroma, and pungency. We offer diverse varieties including Teja (S17), Sannam, Shark (S26), 341, Byadgi, Devanur Delux, and Armour - each with distinct flavor profiles, heat levels, and color values suitable for different applications.
